

General Declaration for Materials

Karmøy Winch AS environmental policy is to not use or sell products that contain hazardous material as of Table A or Table B of IMO Resolution MEPC.296(68). There is a yearly review of materials inhouse and together with subsuppliers to use materials of minimum environmental impact.

MATERIAL DECLARATION - GENERAL

The results of our yearly review of our standard spareparts we don't find spareparts material we sell contain materials of Table A or Table B of IMO Resolution MEPC.296(68).

There still may be some products, electrical circuit boards, electrical motors , oils and lubrication product that may contain tiny amount of hazardous material as of Table A or Table B of IMO Resolution MEPC.296(68). But this well within the threshold levels as in Table A or Table B of IMO Resolution MEPC.296(68).

SUPPLIERS DECLARATION OF CONFORMITY FOR DECLARATION MANAGMENT

We declare yearly reviewed standard spareparts to confirm with the requirement of IMO Resolution MEPC.296(68).
